MEMORANDUM NO. 2008 - 135

TO: School District Superintendents

FROM: Bruce Hayes

DATE: September 19, 2008

SUBJECT: Free Fire Safety Learning CD

K-6 LEARNING ASSET

For all elementary schools in Wyoming, Firefacts.org is making a *free* interactive educational CD available. This tool can greatly assist in developing increased knowledge and better decision making skills that a student would need if he or she should become involved in a critical fire-related emergency.

Bruce Hayes, Facilities and School Safety Consultant, will facilitate mailing this newly available tool to the districts in early October. It is essential that district administrative offices disburse these CD's to their elementary schools. As an alternative, this tool can also be downloaded from <http://www.firefacts.org/download.html>.

Should you have any questions, please contact Bruce Hayes at 307-777-6198.
